DETAILED ACTION

Claims 1-3 and 16 are under consideration in this application.

Election/Restrictions

This application has been examined to the extent readable on the elected compound wherein one of R¹ and R² represents alkyl substituted by pyridyl as set forth in claim 1, exclusively. The previous Office stated that R¹ and R² both represent alkyl substituted by pyridyl was drawn to the elected compounds. However, applicants elected the species in claim 2 which only one of the variables has an alkyl group substituted by pyridyl. The action should have stated that either of R¹ or R² represents alkyl substituted by pyridyl and not both. Any inconvenience to applicants is regretted.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claim 2 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 2 lacks antecedent basis because only one alkyl is substituted by pyridyl.

Allowable Subject Matter

Claim 1 is objected to as containing nonelected subject matter. The objection may be overcome by reciting that R represents -CONR¹R² and one of either R¹ or R² represents a hydrogen atom, phenyl or alkyl and the other variable represents alkyl substituted by 2-pyridyl, 3-pyridyl or 4-pyridyl.

Claim 3 and 16 presented in independent form or made dependent on an allowable claim would appear allowable, otherwise it is objected to as being dependent on a nonallowed claim.

Claim 2 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.
